

# CLEANING BEDROOMS

**WASH HANDS EVERY TIME YOU GO INTO DIFFERENT ROOM  
TO AVOID CROSS CONTAMINATION.**

**Clean one room AT A TIME. Clean cloths EVERY TIME.**

**.....If in DOUBT....CHUCK it OUT.....**

External and Internal doors and door furniture	Spray with disinfectant on entering.
Open all windows	
Select "safe area" to put stripped bedding.	Spray with disinfectant
Bed throw	As above - folding and placing on safe area.
Bedding, towels	Strip from duvets and pillows and towels etc from bathroom – put in laundry basket. Spray duvets and pillows and put in safe area – hang out of windows if not raining!!!
Remove dirty crockery from bedroom and bathroom	Place on tray outside room
Remove bin bag/s	Place outside room
Remove remaining teas, coffees etc, loo rolls, tissues	Place in "quarantine" box
Chairs, furniture, other surfaces, loo, hand basin, bidet, shower/bath	Spray with disinfectant – leave on all surfaces for as long as....except WOODEN furniture – wipe off after 1 min or so and polish!! Spray INSIDE bedside tables, cupboards, dressing tables drawers etc. Wipe over hair drier, kettle etc Dust and polish as usual. BATHROOMS: Ensure all disinfected first and continue normal cleaning routine.
Make up bed/s	
Replace towels	
Replenish complimentaries.	
Vacuum	
Close windows	
START NEXT ROOM	

**When all rooms complete spray passageways and work station with disinfectant.**

**Disinfect, Dust, Polish and Vacuum**
